No refund will be provided to the Customer if he or the beneficiary of the service does not meet the requirements when he presents at the scheduled time of the service.

Also, if you have any doubts about your ability to make free fall in the wind tunnel, please contact us before any orders for any questions or concerns relating to the safety or eligibility of the participants.

A locker room is made available to participants who agree to use it in accordance with the requirements received and undertake not to deposit valuables there. The Provider will not be held responsible for any theft or deterioration of the objects deposited in this locker room.

4-3 - BOOKING DEFERRAL - ONLINE PURCHASE

For online orders, a booking postponement can be made at no cost subject to intervening before seventy-two (72) hours before the scheduled service. A deferral of service is possible for a fee of twenty euros (20 €TTC) per person, from seventy-two (72) to twenty-four (24) hours before the service. Later than twenty-four (24) hours before the service, the service is neither refundable nor deferrable.

From seven (7) to two (2) days before the scheduled date, modification fees of twenty-five (25%) percent of the amount of the cancelled or changed service will be invoiced. Any cancellation in the last two days results in the obligation to pay the entire price, and a consequent total loss of deposit.

4-4 – BOOKING DEFERRAL – SERVICE ON QUOTE

For any service subject to an accepted quote by the Customer, a booking postponement up to thirty (30) days before the scheduled date for the service can be made for a fee of twenty-five percent (25%) of the modified service; from thirty (30) to seven (7) days before the date of service, the changes result in fees of fifty percent (50%) of the modified service. Any changes in the seven (7) days prior to the date of scheduled service result in the obligation to pay the entire price, and a total loss of deposit.

The reservation cannot be postponed any later than nine (9) months after the initial date indicated on the accepted quote. The Provider reserves the right to adjust the price according to the price list in effect at the date of the execution of the services. Without confirmation of a new date by the client within nine (9) months, the services will be considered cancelled with a total loss of the sums already paid.

4-5 – IMPOSSIBILITY OF DELIVERING THE SERVICE

The technicality of the service implies hazards that participants agree to bear as follows:

- the time schedule of the service is not guaranteed, but the Provider makes the best efforts to ensure services in the agreed slots, and to inform by email, if necessary, the foreseeable delays,
- the service itself may be discontinued or postponed due to the unavailability of the equipment.

In the event of a delay of more than two hours or the unavailability of the equipment, the Provider undertakes to offer to participants either the postponement of the service to a date to be agreed or the reimbursement of the service. In no case a delay in the performance of the service or the technical obligation to postpone it will create obligations, in particular compensation, for the Provider other than that of replacement or reimbursement.

V. SERVICES AND ANCILLARY SALES

The Provider offers, as add-ons to the flights, photography or videos services, as well as supply of equipment (special suits) services.

These services are subject to the hazards of shooting and sourcing. Their unavailability is not likely to result in the complete termination of the contract on the day provided for the delivery. In the event of unavailability, a refund of the amount of the ancillary service will be provided by the Provider, with the exception of any other compensation.

VI. INSURANCE

The Provider has entered into an insurance contract guaranteeing its civil or administrative liability which may be incurred as a result of material and immaterial personal damage caused to third parties and attributable to its activities. Damage resulting from the voluntary or conscious fact of the participants is not covered by this insurance. It is then up to Customers and participants to ensure their own insurance coverage.

VII. RIGHT OF WITHDRAWAL

The Customer has, for every order placed on Provider's website and as to law in force, a withdrawal period of fourteen (14) days from the conclusion

of the contract to exercise his right of withdrawal with the Provider and cancel his order, without justifying reasons or paying penalties, for the purpose of reimbursement, unless the performance of the service has begun with the agreement of the Customer before the end of the withdrawal period.

In accordance with the provisions of Article L. 221-28 of French "Code de la Consommation", this right of withdrawal is not applicable in the case of an order including booking of a service for a specified date.

No right of withdrawal is applicable when booking a service that has been the subject of a quote accepted by the Customer.

The right of withdrawal must be exercised by any means to the Provider.

If the right of withdrawal is exercised within the aforementioned time frame, only the price of the ordered service is refunded. The refund of the sums already paid by the Customer will be made within a maximum time of fourteen (14) days from the receipt by the Provider of the notification of the withdrawal of the Customer.

VIII. PROTECTION OF PERSONAL DATA

Under Law 78-17, Computer Science and Freedoms, from January 6, 1978 amended by Law no. 2018-493 of June 20, 2018, it is recalled that the personal data requested from the Customer is necessary for the processing of his order and the establishment of invoices, among others.

The Customer is informed that in any event, he may resort to conventional mediation, including with the Consumer Mediation Commission (Article L. 612-1 of the Consumer Code) or with existing sectoral mediation bodies, or any alternative method of dispute resolution (conciliation, for example) in the event of a challenge.
